MADISON TOWN AND SCHOOL LIBRARY

Report for the year 1968

After more than thirty years of devoted and selfless service, it has become necessary for Winifred Harmon to retire from the position of librarian, for reasons of health. There are no words to report adequately on how much she will be missed, and not enough to express the thanks of the trustees and the townspeople for her continuing interest and eagerness to supply their needs.

It is never easy for a new person to step into a position which has been held for so long by another. The Trustees feel that they have been fortunate to secure the services of Alfreda Randlett to fill the office of librarian, and hope that when the newness of the transition has worn off, both Mrs. Randlett and the townspeople will find this relationship a rewarding one.

REPORT OF FOREST FIRE WARDEN AND DISTRICT CHIEF

People cause fires. Our records show that the number of fires increase in an area as the population increases and our state is growing tremendously. This means that we all must be aware of fire causes and do our best to prevent their occurrence.

When we are very young the lighted matches is an adventure, burnt fingers and a dropped match is another fire. A little older we like to have a woodland cookout, or go out by ourselves for a smoke but fire and forests get together for another statistic. We adults like to clean up in the spring, burn the old debris and the dead grass, result - escaped fires and much personal expense.

With new homes and summer cottages located in woodlands and with abandoned fields and forests crowding the back yard of our villages' streets it is necessary that everyone be aware all through the fire season, which comes with the disappearance of the snow, of the need to be careful with outdoor fires and fire sources.

The following action will help:

1. To teach our children the danger of lighted matches.
2. To NEVER discard lighted smoking material from a car or while walking through fields or woods.
3. To safely dispose of rubbish preferably at the town dump. If you must burn-
 - a. You need a written permit from the town fire warden for ALL debris burning ex-

cept when the ground is covered with snow. Cooking fires in outdoor fireplaces or in charcoal brasiers in your own back yard is permitted on notification of the warden.

- b. The warden is forbidden by regulation to allow burning of household rubbish on GRASS by householders between 9:00 A. M. and 5:00 P.M.
 - c. Have equipment on hand to control the fire BEFORE you light the match.
4. Promptly report any fire out of control to your fire warden or fire department.

Help to keep our town out of the fire occurrence column and save your tax dollars for useful purposes.

SCHOOL HEALTH PROGRAM REPORT

Each pupil entering school for the first time received a physical examination, either through Project Head Start, the Supervisory Union 9 health appraisal program at Memorial Hospital, or a report of a medical examination by the family physician was furnished by the parents at their expense. Vision screening, hearing screening, measurements of height and weight were carried out at the time of the examination or soon thereafter.

The Tine Test was administered to grade one in cooperation with the New Hampshire T B and Health Association. All tests were negative.

The Bureau of Dental Public Health of the Division of Public Health State Department of Health and Welfare presented an educational program toward better dental health to all elementary grades. A dental hygienist examined the incoming first grader's teeth and talked with their mothers on Orientation Day.

Eight students were transported to North Conway by parents each week for speech therapy.

Through the splendid cooperation of parents, school personnel, and health agencies each first grader had received a Measles (Rubeola) vaccination, Immunizations against diphtheria, tetanus and whooping cough, poliomyelitis and a successful smallpox vaccination prior to school entry.

Respectfully submitted,
REBECCA P. SANBORN, R. N.
